Dear Arne,

Thank you for your fax received at CTI last 8 February.

As you know, we are here discussing the project for local processing of Brazil-nuts in the southeastern part of the Amazonian region (city of Marabá, in the state of Para). So, we would be pleased if you could help us in approaching Nordic supporting agencies (as well as the Norwegian governmental office) which might be also interested in purchasing the production of Brazil-nuts.

About Kayapo indians TV programmes, as far as we know, this is a project sponsored by professor Terence Turner, anthropologist from the University of Chicago. We are looking for additional information and let you know.

Thanking you in advance, we hope to hear from you as soon as possible.

Best regards,

Iara Ferraz
